L-Series

Advanced Technology Inspired Simplicity

A Better Approach

Champion has a long history of manufacturing compressed air equipment. With our L-Series line of products, we have uniquely combined simplicity with cutting edge design. The result—a compressor that delivers outstanding performance with unprecedented serviceability.

The Total Package

Champion has the total package—extensive compressor and air treatment product lines, sales and service support through our extensive network of authorized local distributors, and industry leading warranty programs. Because we offer more than just compressed air equipment, we can provide solutions that keep you running, protect your production objectives, and save you money.

Choose Champion

Without sacrificing serviceability, the L-Series compressor packages feature some of the smallest footprints in the industry.

Champion — Taking Quiet
to a

Compact, Quiet Compressors

Nearly Silent Noise Levels

The Champion L-Series compressor designs feature high-quality, sound-insulating enclosure panels and a low-noise, thermostatically-controlled, motor-driven fan. These components reduce the noise to whisper-quiet levels and eliminate the need for a separate compressor room, saving money on installation costs.

Stay Focused on What Is Important

Compressors are more than just a financial investment. They are a key component in ensuring that you, as a manufacturer, processor and operator, receive consistent, high-quality low-cost air. Champion uses the latest design techniques to develop a compressor that focuses on the three most important aspects of a compressor.
