

R3AC50

AIR CONDITIONING
RECHARGE STATION

SIMPLE TO OPERATE

- Automatically checks and displays the oil and refrigerant levels.
- User-friendly graphic interface with a 5.7" TFT LCD display panel.

DO MORE WITH THE APP

WIFI READY

- WIFI enabled and designed for automatic or customized use.
- Software includes access to real-time vehicle data and automatic software updates.*
- Use the mobile phone app to monitor the machine from anywhere.

AUTOMATIC LEAK DETECTION

- Electronic refrigerant scale operates to a maximum weight error of +/-10 grams (0.36 oz) continuously checking the circuits for possible leaks.
- Connected sensors allow software to perform recharging operations with industry-leading accuracy.

LESS FILLS=MORE UPTIME

50lb. ONBOARD REFRIGERANT TANK

- 67% larger tank than most competitors.
- Process more cars and larger vehicles per day with less tank changes.

A/C SOLUTIONS

DIAGNOSTICS AND RECHARGING CARTS

DUAL FAN EVAPORATOR

- Increases the speed and efficiency of the reclamation process.

Scan code or go to rotarylift.com to learn more about Rotary's A/C service solutions built for Serving the Shop.

RELIABLE WHEELS

2 front casters and solid, robust wheels that never go flat allow for easy mobility.

OPTIONAL THERMAL PRINTER

Machines can be equipped with a thermal printer to print reports of the work performed. Reports list critical information such as the quality of the refrigerant recovered, and the final pressure in the A/C system after recharging.*

OPTIONAL TM74350900 FIELD KIT UPGRADE*

Upgrade any R3AC machine to service trucks and larger vehicles. Truck kit includes a 9' hose assembly creating 18' of hose length at installation. Includes decal kit and instructions for updating.

*Contact your Rotary representative for details.

ALSO AVAILABLE SOLUTIONS FOR R1234YF and DUAL GAS SERVICE

SIMPLE. QUICK. SMART CARTS. LOADED WITH TECHNOLOGY REQUIRING JUST A TOUCH FOR RECHARGING.

FEATURES AND SPECIFICATIONS

- R134a compatible
- Fully automatic functions
- Wide color TFT display
- Management of DATABASE and service records into SD card
- 50 lb. refrigerant tank
- 9 ft. service hoses
- 4 CFM double stage vacuum pump
- Charging accuracy +/- 0.5 oz
- High efficiency refrigerant recovery (over 95%)
- Multi-language software
- Automatic compensation for length of recharging lines
- Automatic management of non-condensable gasses
- Automatic maintenance alarm
- Simplified maintenance

FUNCTIONING MODES

- DATABASE
- CUSTOMIZED SERVICE
- MY DATABASE

- Multi-language software
- Automatic updates
- Automatic service hose length compensation
- Automatic maintenance alarm
- Simplified maintenance
- Automatic management of non-condensable gases
- Remote assistance

OPTIONAL

Thermal printer

Maximize up time with an industry-leading warranty: 2 years parts / 1 year labor
